

3471

SuperDry™ Roll-Up Film Satin 7.5 mil

PRODUCT DESCRIPTION

3471 SuperDry™ Roll-Up Film is at the core of Sihl's pop-up display offering. The antistatic greyback coating makes the display impervious to light, preventing show-through and washed out colors. The satin microporous topcoat provides for high quality color representation and definition. The durable polyester construction is engineered to withstand repeated rolling in portable display units without tearing or edge fray, making it the ideal media for tradeshow, retail, and other point-of-purchase displays.

ADVANTAGES

- Low Glare Satin Finish
- Lay Flat
