

# SiHL

## INK COMPATIBILITY

1 Waze 80/20 is a white/black perforated window film designed for one-way vision printing, ideal for both window and retail graphics. The 80/20 hole pattern offers enhanced visibility for printed graphics while maintaining a clear view from the inside.

The film is applied to the exterior of the window, with the graphics facing outward and the black, see-through side facing inward. It's clear, solvent acrylic adhesive is optimized for easy installation, even in low temperatures (40 degrees and above), providing reliable adhesion and allowing for quick and clean removal when needed.

## STANDARD SIZES

Item # 3215000041J9 - 54"x100' - 3"core  
Item # 3215000041G1 - 54"x164' - 3"core  
Item # 3215000045G1 - 60"x164' - 3"core

## 3215 1Waze 80/20 6 mil Gloss Window Graphics

### PHYSICAL PROPERTIES

Caliper Thickness	12 mil (6 mil vinyl / 6 mil liner)
Basis Weight	160 gsm with adhesive
Finish	Gloss
Color	White / Black
Hole	1.5 mm

### ADVANTAGES

- Removable Adhesive
- Good Tear Resistance
- Good UV and Abrasion Resistance
- 1-2 Year Outdoor Durability Under Normal Conditions
- Hole Size 1.5 mm

### APPLICATIONS

- Window Graphics
- Retail Decoration
