INK COMPATIBILITY

3685 TriSolv™ Pop Art PSA is a semi-gloss, multi-coated, weather and waterproof paper suitable for Solvent, Latex and UV printers. Its waterbased permanent acrylic adhesive adheres to virtually all clean, smooth surfaces and makes it possible to produce custom designed stickers and labels. Thanks to its water-repellent surface, TriSolv™ Pop Art PSA can also be used for short- to medium-term outdoor applications. The particularly robust liner makes this paper very good for use in printer/cutters.
